Bellingham's Ski to Sea is a Wrap

Ski to Sea first took off from the starting line in 1973 in Whatcom County, home to its largest city Bellingham, WA and today is still running strong—literally. Each Memorial Day Weekend, teams of eight racers take on seven athletic disciplines that ultimately guide them through the multi-sport course that runs through the towns of Glacier, Maple Falls, Kendall, Everson, Lynden and Ferndale, wrapping up in Bellingham's Marine Park. With the tools of the athletes' trade—cross-country and alpine skis, snowboards, running shoes, cyclocross and mountain bikes, and kayaks—teams navigate Mt. Baker Ski Area, miles of running and cycling trails and the Bellingham Bay. This year's race summoned hundreds of athletes to the Northwest course. Check out the results at skitosea.com and visit OnTrak for gallery photos of the 2017 race.
